Re 5-5465.

Suggest you continue to hold these copies. Sally advises that the original has not been returned to AD/P, so apparently it's still in DCI's office. (She also mentioned that she believes Mr Dulles has talked with Mr Reynolds about it recently.)

CHRIS:

This was received 29 April and, at Mr Reynolds' suggestion, held for Gen Cabell. The original will be going to the General this date.

Incidentally, in checking the copies, I discovered that, while DDCI wasn't included in the distribution listed, there was an extra copy attached, so I've taken the liberty of claiming it.
